Narrative Explanation

I performed an annual inspection today and found one inadequacy that need to be addressed.

Fill holes in outside kennels and add gravel to all outside enclosures within the next 30 days.

Owner has one new puppy, I reminder her she told me she was not going to receive any more dogs.
She stated that she had to euthanized one of her dogs and the new puppy is a replacement she also stated she will not exceed the 19 dogs she has at this time.

She states that volunteers help her with this facility two/three days a week. Owner states she has two personal dogs that I observed.

I examined the records for the animals at this facility; they were complete and adequate.

The facility has 30 days to correct the problem. I will return at some point after the 30 day period for re-inspection of the facility
