Narrative Explanation

At the time of inspection cleaning was in progress. No sign of illness/injury in the general population. Damaged flooring in the B section is in the process of being repaired and appears approximately 90% complete. Floors in the cat colony rooms are significantly damaged and floors throughout the remainder of the facility have patchy areas requiring repair. Repair/Reseal damaged floors throughout facility (0202, 0204). 2 vehicles are operational at the time of inspection. All surfaces are impervious to moisture and vehicles are in good repair. No other inadequacies were noted at the time of inspection. Records are in order and ventilation is well achieved throughout facility.

I am requesting a written time line from management detailing plans for floor repair/resealing throughout facility and when this project is expected to be complete.

Reviewed 19A 32.1 with staff.

Overall the facility looked good today. Food was stored in sealed containers. Keep up the good work.
