Duplin County Animal Shelter	Duplin County Goverment	Kenansville	NC

Narrative Explanation

I performed a Follow-up inspection at this facility today.

I noted the the following item has been corrected:

General Statute 19-A 32.1 (i) Goverment ID Required - I noted the shelter is now making photo copies of goverment ID's on all adopted animals.

I noted the following items have not been corrected from the 8/11/15 disapproved inspection:

.0202 Indoor Facilities / Ventilation & .0204 Primary Enclosures / Cross Contamination & .0207 Sanitation / Isolation - Once again I grouped these 3 areas together because they are all in regard to an ongoing health problem in the cat room. The shelter directed advised today that since the last inspection a local veterinarian comes to the shelter once a week to access the health of each animal. The veterinarian has diagnosed the cat health problem as Upper Respiratory and has prescribed antibiotics. FIP & Feline Leukemia testing is now being done too. I noted the cats showing no symptoms, feral and obviously sick cats are separated as much as possible in the one room at this time. The director advised that all cat food is now being stored in a closed container which includes extra unopened bags of food. I noted that there is no new construction started at time to create separate cat areas. The shelter director advised that the county manager has authorized him to get bids on the new construction and new cat cages. It appears everything is being done at this time to correct the cat illness problem until more rooms are created to separate the cats. I advised the director to continue working the with the veterinarian to correct this problem and to work diligentlyto get the new areas created with adequate ventilation.

I will conduct a follow up inspection in 30 calendar days (10/21/30).

☐ check here if a euthanasia inspection form is attached
