Narrative Explanation, if needed

Chain length, floors and walls have been repainted and help to make the facility cleaner. Overall husbandry was good. (0201) Open bags of food and boxes of treats were found above the kennels. Ensure that all opened bags/boxes of food/treats are kept in sealed containers. Some of the plastic beds are damaged/chewed on. These need to be replaced or sanded down to prevent injury and to ensure they are impervious to moisture and able to be sanitized. (0102) All boarders must have signed contract including owner signature and description of animal. (0204) There are large holes/cracks in concrete in outside back kennels. These areas cannot be cleaned/sanitized properly. Fill in large cracks/gaps in outside kennels in concrete. (0210) Rabies vaccinations were missing for two Pit Bulls at the time of inspection.

Narrative Explanation, continued

These vaccinations ran out in June of 2014. AWA states the following:

(d) All animals in a licensed or registered facility shall be in compliance with the North Carolina rabies law, G.S. 130A, Article 6, Part 6. However, no shelter shall be disapproved following inspection or otherwise cited for failure to inoculate any dog or cat known to be less than 12 weeks old or until such animals have been in the shelter at least 15 days.

Will follow up within 60-90 days.
