

Agricultural REVIEW

LXXXVII - No. 3

March 2012

Raleigh, N.C.

On the Horizon

The N.C. Department of Agriculture and Consumer Services' Farmers Market Manager workshops are returning with one-day sessions scheduled for Jacksonville and Lexington.

The workshops will cover customer service, farmers market food safety and grant opportunities. The workshops are sponsored in part by a grant from the N.C. Tobacco Trust Fund Commission.

Workshops will be held from 9:30 a.m. to 2:45 p.m. on the following days and locations:

- March 16 at the Onslow County Cooperative Extension Office, Jacksonville
- March 30 at the Davidson County Cooperative Extension Office, Lexington

Cost for each workshop is \$20, and covers materials and lunch. Pre-registration is required. Deadlines are March 9 for the March 16 workshop and March 23 for the March 30 event.

For more, contact Kevin Hardison at 919-707-3123 or at kevin.hardison@ncagr.gov.

NCDA&CS to help local farmers markets with ad costs

The N.C. Department of Agriculture and Consumer Services is accepting applications from local farmers markets interested in grants for cooperative advertising assistance. The funding is made possible through a \$125,000 grant from the North Carolina Tobacco Trust Fund Commission.

"The state operates five farmers markets, but there are more than 200 farmers markets in North Carolina," said Agriculture

Commissioner Steve Troxler. "This cost-share program will help our smaller markets spread the word about the locally grown products available in their own backyard."

Funding is available for cooperative advertising projects that promote North Carolina's farmers markets across the state. The department will pay half of the total cost of advertising, up to \$2,500. Farmers markets wishing to apply

must meet the following requirements:

- Must be located in North Carolina.
- More than 50 percent of vendors must be N.C. residents.
- Must complete a pre-project and post-project survey.
- Must complete a pre-approval form.
- Must use the "Got to Be NC Agriculture" and "N.C. Tobacco Trust Fund Commission"

logos in any sponsored advertising.

- May use any type of media to promote markets except website design.

Funds are limited and will be allocated based on the order applications are received. For more or to apply, contact NCDA&CS marketing specialist Kevin Hardison at 919-707-3123, or email at kevin.hardison@ncagr.gov.

Commercial Irish potato growers to vote on assessment

Commercial Irish potato growers in Beaufort, Camden, Carteret, Currituck, Hyde, Pamlico, Pasquotank, Tyrrell and Washington counties will vote in March on the renewal of an assessment program that supports promotional and research work of the N.C. Potato Association Inc. Official ballots will be mailed March 15 to all potato growers eligible to vote on the six-year assessment.

The plan must be approved by two-thirds of those voting in order to continue the program.

Under the Enabling Act legislation passed by the N.C. General Assembly,

a referendum on the assessment program must be held every three to six years.

Potato growers currently pay 1 cent per 100 weight of potatoes sold to help support research and promotion. This vote is to continue the same 1-cent assessment of potatoes sold. The assessment would be from 2012 through 2017.

Growers should mail the ballots to the Northeast Marketing Center at P.O. Box 2066, Elizabeth City, NC 27906. They must be received by March 28, 2012.

For more, contact Tommy Fleetwood at the NCDA&CS Northeast Marketing Center at 252-331-4773.

From the tractor

by Agriculture Commissioner Steve Troxler

Commissioner Troxler

I wanted to let farmers and agribusinesses know about some recent Small Business Administration loans for businesses impacted by the 2011 drought, and give you a legislative update on disaster response proposals we have submitted.

The SBA made available economic injury disaster loans to small businesses, small agricultural coopera-

tives and small aquaculture businesses.

The loans can be up to \$2 million, with interest rates of 3 to 4 percent.

Loans are available for the following counties: Alamance, Beaufort, Bertie, Brunswick, Bladen, Camden, Carteret, Caswell, Chatham, Chowan, Columbus, Craven, Cumberland, Duplin, Durham, Dare, Davidson, Forsyth, Franklin, Gates, Granville, Greene, Guilford, Halifax, Harnett, Hertford, Hoke, Hyde, Johnston, Jones, Lee, Lenoir, Martin, Montgomery, Moore, Nash, New Hanover, Northampton, Onslow, Orange, Pamlico, Pasquotank, Perquimans, Pender, Person, Pitt, Randolph, Richmond, Robeson, Rockingham, Sampson, Scotland, Stokes, Tyrrell, Vance, Wake, Warren,

Washington, Wayne and Wilson.

You can find out more by calling the SBA at 800-659-2955 or by emailing at disastercustomerservice@sba.gov. Loan applications must be returned to the SBA by Oct. 9.

In early February, the state Senate's Committee on Emergency Preparedness put forth some recommendations on response to natural disasters that could benefit farmers.

This is a significant development. Last year's tornadoes, drought and hurricane all raised issues of emergency preparedness and response with respect to farming.

For about the past six months, my staff and I have been talking with legislative leaders and emergency

management officials about the need for changes that, in the future, could help farmers mitigate storm damage or recover from storms more quickly.

The Senate committee's recommendations give us reason to believe that legislators are hearing the needs of farmers.

Some of the things we're trying to address include setting up agricultural emergency response teams; making it easier for farmers to harvest and move crops before a hurricane hits; and speeding up the removal of debris on farms following a storm.

There's still a lot of work that needs to be done, but this recent action was an important step in the process.

33,000 copies of this public document were printed at a cost of \$1,521.07 or 4 cents per copy.
