

RESTRICTED USE PESTICIDE

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

For Distribution and Use Only in the State of North Carolina

Group **4** Herbicide

FIFRA Sec. 24(c) Special Local Need Label

Engenia[®]

Herbicide

Additional Requirements for Use on Dicamba-tolerant Cotton and Dicamba-tolerant Soybeans

This special local need label expires on December 20, 2018, and must not be used or distributed after this date.

EPA Reg. No. 7969-345
CAUTION/PRECAUTION

EPA SLN No. NC-170002

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Refer to the Engenia[®] herbicide container label, EPA Reg. No. 7969-345, for complete Directions For Use and all applicable restrictions and precautions. This label and the Engenia container label must be in the possession of the user at the time of pesticide application.

Restrictions and Limitations

In order to apply **Engenia** to dicamba-tolerant cotton and dicamba-tolerant soybeans in North Carolina, the following restrictions apply:

Training Requirements

Prior to applying this product postemergence in-crop on dicamba-tolerant cotton or dicamba-tolerant soybeans for the 2018 growing season, all dicamba applicator(s) including commercial applicators, private applicators, and non-certified applicators working under their direct supervision must complete dicamba or auxin-specific training. Training must be completed

annually before each growing season. The training: "**Auxin herbicides – Best Management Practices**" must be approved by the North Carolina Department of Agriculture and Consumer Services (NCDA&CS). For more information on this training, contact the NCDA&CS at 919-733-3556 or your local County Cooperative Extension Service office.

Record Keeping Requirements

In addition to the record keeping requirements on the label:

- all applicators must complete each record within **72 hours** of completing the application
- include the name of each applicator who made the application
- as stated on the **Engenia[®]** herbicide container label, "...a record must be kept for every individual application." (each field). As an example, applications made to 5 different fields require 5 separate records of application, even if those applications are made on the same day.

Sensitive Species

Failure to follow label requirements could result in severe injury or destruction to desirable sensitive broadleaf crops and trees when contacting their roots, stems or foliage.

Before making an application, the applicator must survey the application site for neighboring non-target

susceptible crops; for example, tobacco, tomatoes, grapes, watermelon, sweet potato, peanut, pepper, beans, non-dicamba tolerant cotton, and non-dicamba tolerant soybean. The applicator must also consult applicable sensitive crop registries to identify any commercial specialty or certified organic crops that may be located near the application site.

DO NOT apply this product when the wind is blowing toward adjacent dicamba susceptible crops, including but not limited to: tobacco, grapes, watermelon, sweet potato, peanut, pepper, beans, non-dicamba tolerant cotton, and non-dicamba tolerant soybean, commercially grown tomatoes, fruit trees, flowers, ornamentals, peas, potatoes, sunflower, EPA crop group 8 (fruiting vegetables such as tomato, pepper, eggplant, others) and EPA group 9 (cucurbits vegetables such as cantaloupe, cucumber, squash, watermelon, others), and other broadleaf plants, including plants in a greenhouse.

Conditions of Sale and Warranty

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND BASF'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
