HONEY COLOR CHART

To enter the correct color category, use this Honey Color chart for reference:

Honey Extra Light Amber and Light Amber will be one category.

Inexpensive color charts are available from honeybee supply companies referencing this color scale. This color chart should be used for an example only.

Your computer may not recreate the color accurately.

FOODS COOKED WITH HONEY

All entries in this class must contain honey as one of the principal sweetening ingredients.

The purpose of this competition is to demonstrate skill in the use of honey in cooking. Therefore, the proportion of honey in the recipe will be a primary consideration in scoring by the judges. There are no other ingredient restrictions, and commercial mixes may be used. Factors such as whether the entry is representative of the entered class and freshness of the product will be considered in the judging. It will be the responsibility of the exhibitor to see that entries are correctly classified and tagged. The score cards used in Department BAK (Baking) will be used as guides in judging foods cooked with honey.

Place cakes on pieces of very heavy cardboard which has been covered with foil or wax paper. Cardboard should extend one inch beyond the cake on all sides. Punch a hole in the cardboard base so an entry tag can be tied through it. An entry tag will be provided when the entry is delivered. Place the unwrapped entry in a large clear food grade plastic bag (plastic wrap is not acceptable) with the entry tag extending outside the bag. You must supply your own plastic bag. None will be available at the Fair entry office. Entries may be transferred to clear plastic containers by the judges for display. Any liquid entries should be in disposable containers.

Entries must be prepared from ingredients compatible with commonly accepted recipes for the class in which are entered. Each entry must be accompanied by a recipe on a 3x5 or suitable card using only one side of the card (may be placed in a zip lock bag). Exhibitors are required to enter at least 1/2 of a cake and bread, 7 cookies or enough to cover an 8" plate for judging. Junior and Senior entries cannot be from the same cake. Commercial mixes are acceptable but not ranked as highly as items made from scratch. All entries will be discarded at the end of the Fair unless other arrangements have been made with the superintendent. Assistance may be provided to Junior participants but the entry must be primarily the effort of the entrant.

Please take into consideration that entries made and brought to the Fair too early may mold before judging and therefore will not be judged.
