Example: Email.address@emailaddress.com

5. Physical Address:

Street Address

City, STATE Zip Code

6. County:

County where Fuels Removal Project will take place

7. Mailing Address:

Mailing Address

City, STATE Zip Code

8. Project Summary:

Total Homes
Participating:

Total Number of
Estimated Piles:

9. By checking each box below and signing, I acknowledge my understanding that:

- My Project has at least 20, but no more than 50 piles.
- My application must be received via email by N.C. Forest Service by Wednesday January 15, 2025.
- My application includes a Fuels Removal Participant Log with each participating homeowner identified by number.
- My application includes a project map with numbered labels of each participant's property, which match the participants by number on the Fuels Removal Program Participant Log.
- Funding is competitive. Preference is given to Firewise USA communities, those with high fuel loads resulting from impacts of natural disasters, communities with Areas of Concern documented in a CWPP, etc.
- Incomplete applications will not be considered.
- I will be notified by the N.C. Forest Service upon acceptance into the Fuels Removal Program.
- I will be notified by the N.C. Forest Service of my site's debris removal Point of Contact once contracts are awarded.
- I (or my designee) must be available to help coordinate with contractors on each participant's fuels removal within my project.
- All debris must be cut and piled **BEFORE March 10th when** contractors have the green-light to arrive on site.

Applications and supporting documents will be accepted by **EMAIL ONLY** this year. Please send as attachments to **NCFS_Mitigation@ncagr.gov**
