DIRECTIONS FOR USE

It is a violation of State and Federal law to use this product in a manner inconsistent with its labeling.

For use on Clary Sage: To control seed- and soil-borne seedling damping off diseases caused by *Rhizoctonia* sp., *Fusarium* sp. and *Pythium* sp., apply Bean Guard / Allegiance to the seed at a rate of 6 ozs. per 100 lbs. of seed prior to planting. Mix very well to ensure uniform coverage to individual seeds and throughout the seed lot being treated.

Note: This application is for use only on clary sage seed where neither the treated seeds nor the plants grown from the treated seeds are intended for consumption.

THIS LABEL IS IN ADDITION TO THE STANDARD FEDERAL LABEL PRINTED ON THE CONTAINER

Follow all applicable directions, restrictions, and precautions on the EPA registered label.
This label must be in possession of the user at the time of the pesticide application.
