

Swine COVID Infrastructure Improvements Assistance Program Application

Disclaimer: *Funding is subject to availability.

Through S.L. 2021-180 ([2021 Appropriations Act](#)) the North Carolina General Assembly established the North Carolina Swine and Dairy Assistance Program, a one-time assistance program for swine and dairy producers who suffered a loss due to the shutdowns following the COVID-19 pandemic.

A significant number of swine farms have lost contracts and dairies have been forced out of business due to the pandemic. Agriculture is North Carolina's largest economic driver and this program responds to the long term needs identified by the swine and dairy industries in response to the COVID-19 public health emergency.

The \$30 million appropriated to NCDA&CS is to provide financial assistance for eligible swine and dairy producers for losses incurred as a result of termination of contracts or ceased milk production due to the COVID-19 pandemic. These funds may only be used for purposes consistent with the rules implementing the Coronavirus State Fiscal Recovery Fund established under the American Rescue Plan Act.
