North Carolina Feed Report

July 1, 2018 – June 30, 2019

The objectives of the North Carolina Animal Feed Program are threefold. The first is the protection of livestock, poultry, and pet owners by monitoring feed quality, checking labels and plant inspections. Next is the protection of manufacturers from dishonest competition. Finally, the protection of the health of the consumer of meat, milk, and eggs through assurance that the animal products consumed are wholesome and free of harmful chemical residues and BSE. Enforcement of the feed law is the best means of accomplishing this. Essentially, the procedure consists of registration of all commercial feedstuffs and canned pet foods, the collection and analysis of official samples and the reporting and publishing of results.

The law requires the registration of all commercial feeds, canned pet food and pet and specialty pet feeds with the Department of Agriculture and Consumer Services. Applications for registration are examined as to guarantees, composition, compliance with standards, adequate directions and other requirements. When requirements are not met, opportunity for revision is given. The laws, along with the rules and regulations, and all registration forms are available at the following web site: www.ncfeedandforage.com.

A total of **1,457** firm visits were performed during **FY 2019**. These visits were conducted for a variety of reasons, which are listed below:

- Official sampling for compliance...**1,319**
- Review and Enforcement of Good Manufacturing Practices (GMP's)... **632**
- Complaints.....**10**
- Review and Enforcement of Preventive Controls (PC'S) and Good Manufacturing Practices (GMP's).....**3**

Summary of Activities - Samples

Total Commercial Feed Samples	1,319
Total Analysis for Medication	402
Total Analysis for Mold Toxins	1,238
Total Analysis for Label Guarantees	7,818

North Carolina Feed Tonnage Report

By Types of Feed and Material for Fiscal Years
2017-18 and 2018-19 as Reported by Manufacturers*

Class of Feeds		2017-18 Tons	2018-19 Tons
Broiler	_ Complete	794,806	492,945
	_ Supplement	4,007	591
Turkey	_ Complete	385,366	506,413
	_ Supplement	109	77
