

2024 Annual Spot Check Report

Soil and Water Conservation Commission Meeting
September 16, 2024

Spot Check Policy

The Commission delegated responsibility to district boards of supervisors for assuring that best management practices, funded through Cost Share Programs (CSPs) contracts, are properly implemented and maintained.

The Commission requires supervisors spot check 5% of all active cost share program contracts annually.

Spot Check Policy

In Compliance - BMPs are functioning properly and being used for their intended purpose of the program.

In Compliance, Maintenance Needed - BMPs need routine maintenance such as reseeding of vegetation, adding mulch, gravel, etc.

Out of Compliance- BMPs are not functioning properly or not being used for their intended purpose of the program.

2024 Summary

Annual spotchecks were received from **100** districts.
