

**2024 DIRECTORY OF
NORTH CAROLINA CENTURY FARMS**

Presented by the N.C. State Fair and the
N.C. Department of Agriculture and Consumer Services
October 21, 2024

Oct. 21, 2024

Dear Century Farm Families,

What a pleasure it is to gather together and celebrate North Carolina's agricultural heritage with our Century Farm families! This is one of my favorite fair events and I am proud to be with you today.

Agriculture and agribusiness is North Carolina's No. 1 industry with an economic impact of \$111.1 billion. Your family's legacy is what helped build this industry and I applaud each of you for your commitment to agriculture and for continuing to contribute to our state's rich agricultural heritage.

Our state is changing as our cities grow and we continue to welcome more and more new people here. What doesn't change is our foundation and the strength and endurance of our rural communities. The Century Farm Program grows each year. We see about five new applications each month. It is always exciting for me to see a new batch of Century Farm or Bicentennial Farm certificates come across my desk for new farms entering the program.

Please take the time to introduce yourself to me so that I can shake your hand and personally tell you how much I appreciate all you do to keep agriculture North Carolina's No. 1 industry. Be sure to stop by and talk to employees with the N.C. Grange, the Ag Finance Authority and the Agricultural Development and Farmland Preservation Trust Fund.

I hope you enjoy this reunion, and I hope you can also take some time to enjoy some "Home Grown Happiness" at the N.C. State Fair. We are happy you are here!

Sincerely,

Steve Troxler

HISTORY OF THE CENTURY FARM FAMILY PROGRAM AND REUNION

In 1970, the North Carolina State Fair undertook the largest agricultural project in its history to highlight the theme of its 1970 State Fair, "Salute to Agriculture," by initiating a search for all families who owned a farm in North Carolina for 100 years or more.

More than 800 farms submitted applications to be recognized as a Century Farm that year and were honored at a luncheon held in Dorton Arena at the 1970 N.C. State Fair. Agriculture Commissioner Jim Graham emceed the event and Lt. Gov. Pat Taylor was the featured speaker. Commissioner Graham congratulated the families for their contributions to North Carolina, saying "The strength and depth of North Carolina lies with you people who have held the family farm together. You are the fountain head of our economy."

In 1975, Century Farm Families were honored again at a luncheon held in the Kerr Scott building. More than 750 Century Farm families attended the event. Thus began the tradition of honoring Century Farm Families during the State Fair.

Century Farms continue to be recognized in North Carolina. In 1988, with the support of RJ Reynolds Tobacco Company, the N.C. Department of Agriculture and Consumer Services published a commemorative book, *North Carolina Century Farms: 100 Years of Continuous Agricultural Heritage*. This book provided a history of century farms in North Carolina. Every Century Farm Family received a copy.

The 2000 Reunion was held in Dorton Arena and the keynote speaker was U.S. Congressman Bob Etheridge. The 2008 Reunion was held in Dorton Arena and featured entertainment from The Wells Family and comments from Senator Elizabeth Dole.

At the 2016 reunion, Commissioner Troxler announced the creation of the Bicentennial Farms Program. This program honors Century Farms that reach this milestone with a certificate and Bicentennial Farm sign. Since then, 134 farm families have been recognized as Bicentennial Farms.

In 2020, the Century Farm Program celebrated its 50th anniversary. The reunion was rescheduled to 2021 due to the cancellation of the State Fair due to the Covid pandemic.

The 2021 reunion was held at the Hunt Horse Complex and featured North Carolina-based group The Chatham Rabbits and speaker Ray Starling, executive advisor for the NC Chamber, president of the NC Chamber Legal Institute and former chief of staff to U.S. Secretary of Agriculture Sonny Perdue.

Today, there are about 50,000 farms in North Carolina, but only about 1,982 have the distinct honor of being a Century Farm.

As the Century Farm program continues, Agriculture Commissioner Steve Troxler hopes more farms reach 100 years or more of continuous family ownership and are recognized as Century Farms. Some farms date back to colonial times, others have just reached their century mark, but all are equally important to North Carolina's agricultural heritage.

These families show the greatest commitment to farming in North Carolina.

Please review your listing in this program and let us know of any changes that need to be made. We'd love to be able to add more farm names, so please stop by the registration table for an update form.

This is a county-by-county listing of the families who are currently in the program. We have listed the farm name when available and the oldest known date of farm ownership. If your information is omitted, please submit an update form to our office so that our database can be more complete with information.

Thank you!

ALAMANCE

John Allen Farm	John Allen	1908
Cates Farm / Swathmoor Farm	Marsha Altmeyer, Mendy Jeffreys	1908
	Charles K. Bailey	1828
Beckom Farm	Jerry A. Beckom	1904
