## WASTE MANAGEMENT FACILITY SITE EVALUATION

GENERAL INFORMATION		
Name	Location	
Address		
Telephone	Size of Operation (animal units	)
LOCATION DATE		
LOCATION DATA		
DISTANCE FROM NEAREST RESIDENCE NOT OWNED BY PRODUCER DISTANCE FROM NEAREST PUBLIC FACILITY (school, church, etc)		FT FT
IS SITE WITHIN 100-YEAR FLOODPLAIN?  If yes, NRCS cannot provide assistance.		YES NO
IS SITE AT LEAST 100 FT. FROM A "BLUE LINE" PERENNI <b>If no, site must be relocated</b> .	AL STREAM?	YES NO
DOES SITE MEET MINIMUM STATE SETBACK REQUIREMENTS FROM A YESNO WELL SUPPLYING WATER FOR HUMAN CONSUMPTION?  If no, NRCS cannot provide assistance.		
IS SITE WITHIN 1-MILE ZONING JURISDICTION OF A MUNICIPALITY?  If yes, landowner should consult with a local zoning board about required permits. Permits must be obtained prior to design approval.		
ARE UTILITY LINES LOCATED IN THE CONSTRUCTION A If yes, see Part 503 of the National Engineering Manu (Copies of maps or other reference material may be	ial for policy.	YESNO
WETLANDS		
WILL PROJECT INVOLVE CLEARING VEGETATION, IMPROVING DRAINAGE, OR FILLING LOW GROUND?  If yes, producer should have a "Certified Wetland Determination" on file for the work site. YESNO  Producers shall complete forms CPA-038 and AD-1026 to obtain Certified Wetland Determinations.		
WILL THE PROJECT INVOLVE DIRECT OR INDIRECT MAI PLANTS, OR HYDROLOGY?	NIPULATION OF WETLAND SOILS,	YES NO
IF WETLANDS WILL BE MANIPULATED, HAS THE PRODUCER BEEN ADVISED THAT THEY MUST NOT WORK IN WETLANDS UNTIL THEY HAVE RECEIVED INFORMATION FROM THE U.S. ARMY CORPS OF ENGINEERS AND THE NC DIVISION OF WATER QUALITY CONCERNING PERMIT REQUIREMENTS?  YESNO		
NRCS WILL PROVIDE TECHNICAL ASSISTANCE FOR PROFOLLOWING CIRCUMSTANCES: a.) NRCS has determined that a suitable non-wetland site is not av		Y UNDER THE YES NO
<ul><li>b.) The most practical site for the project involves wetlands. NRC</li></ul>		
change of wetland functions, the suitability of the resource for this project, the costs, and best available technology. The producer, according to a mitigation plan provided or approved by NRCS, shall mitigate unavoidable impacts to wetlands.		
		YES NO
ODOR CONTROL		
HAS ODOR CONTROL BEEN DISCUSSED WITH PRODUCE	R:	VEG NO
PREDOMINANT WIND DIRECTION?  PRE CHARGING A COON WITH EDGG WATER TO	AT LEACT I/ OF THE CARACTERS	YESNO
PRE-CHARGING LAGOON WITH FRESH WATER TO A		YESNO
<ul> <li>USING GOOD SOUND JUDGEMENT IN LAND APPLIC</li> </ul>	CATION OF WASTE?	YES NO

NC-CPA-17 Rev. Dec. 2000 Page 2 of 2

OTHER ENVIRONMENTAL FACTORS	
If the answer to any of the following is YES, NRCS may provide technical assista General Manual policies. Contact the resource specialist for assistance.	
USING THE FOTG LIST OF ENDANGERED & THREATENED SPECIES AS A GUIDE, IS IT OB PROVIDES HABITAT FOR A LISTED SPECIES?	VIOUS THAT THE SITE YESNO
IS A DESIGNATED NATURAL SCENIC AREA INCLUDED IN THE PLANNING AREA, OR WILL PLANNED ACTIONS IMPACT ON AN ADJACENT NATURAL SCENIC AREA?	YESNO
HAS A CULTURAL RESOURCES REVIEW BEEN PERFORMED FOR THE AREA, PRIOR TO ST DISTURBING ACTIVITIES?	FARTING ANY GROUND YESNO
ARE THERE PRIME, UNIQUE, STATE OR LOCALLY IMPORTANT FARMLANDS IN THE OPERATING UNIT?	YESNO
WILL THE ACTION RESULT IN SODBUSTING?	YESNO
WASTE MANAGEMENT	
DOES PRODUCER OWN ENOUGH LAND TO PROPERLY APPLY ALL WASTE INCLUDING SLUDGE, EVEN THOUGH SLUDGE MAY BE ONLY APPLIED INFREQUENTLY?	YESNO
IF NO, DOES PRODUCER HAVE ACCESS TO MORE LAND?	YES NO
IF LAND IS NOT OWNED BY PRODUCER, CAN PRODUCER GET AN AGREEMENT FOR LAND ON WHICH WASTE WILL BE APPLIED?  (Attach Waste Utilization Plan to site evaluation.)	YESNO
SOIL INVESTIGATION (VALID ONLY IF SOIL INVESTIGATION SHEET ATTACH	ED)
IS SOIL SUITABLE FOR LAGOON?	YES NO
IS A LINER REQUIRED?	YES NO
TYPE OF LINER TO BE USED: CLAY BENTONITE SYNTHETIC	
IF CLAY LINER IS TO BE USED, IS SUITABLE CLAY AVAILABLE ON SITE?	YES NO
IF CLAY IS NOT AVAILABLE ON SITE, DOES LANDOWNER HAVE ACCESS TO CLAY?	YES NO
IS A CORE TRENCH REQUIRED? (Attach soil investigation sheet to site evaluation.)	YES NO
IS SUBSURFACE DRAIN TILE PRESENT? (If yes, tile must be removed or plugged.)	YES NO
SITE APPROVED	
YESNOCONI	DITIONAL
COMMENTS	
This site investigation is valid for twelve months from the date shown below. If construction within twelve months, a new site investigation will be required. /1	on has not been started
Signature Date	

<sup>&</sup>lt;sup>/1</sup> Changes in the local or state law or changes in the standard could require a new site investigation.
