

## Association Report to the Commission

January 2025

### **2025 Association Annual Meeting**

Welcome to the Commission to the 2025 Annual Meeting of our Association. I appreciate the Commission using this time to hold their January meeting.

### **Disaster Assistance**

We are still working with the partners on disaster relief and our Association continues to work on the needed funding, both state and nationally.

### **2025 Basic Trainings for Soil and Water Conservation**

We will hosted a Basic Training at the Annual meeting yesterday and the regional trainings will be held February 4 for the Coastal region (Pitt County), February 18 (Madison County) for the Mountain region and February 26 (Guilford County) for the Piedmont region. We need to change the date of the Piedmont meeting to accommodate the Foundation 25<sup>th</sup> celebration event.

I hope everyone enjoys their time here at the Sheraton imperial. Please let me or Bryan know if need anything.
