

Agriculture Cost Share Program Closure Certification

For

Closure – Waste Impoundment BMP

ACSP Contract Number: _____

County: _____

Landowner/Project Name: _____

Certification of Closure

Upon completion of the waste impoundment closure, the waste impoundment will meet NRCS 360 Waste Impoundment Closure Standard, Division of Water Resources (DWR) regulations and ACSP policies. A copy of the DWR closure form shall be provided to the Soil and Water Conservation District Office, the landowner and the Division of Soil and Water Conservation. Certification of Closure must be completed, signed and dated by Division of Soil and Water Conservation animal waste management staff and returned to the district office to be uploaded into CS2.

I, _____ have reviewed
(Printed name)

the waste impoundment closure plan, land application records, receipts, and other supporting materials for strict adherence to the approved plans, NRCS Standards, and DWR requirements. I hereby state that, to the best of my abilities, the closure meets all NRCS Standards, DWR requirements and ACSP policies.
