

Agriculture Cost Share Program Certificate of Completion

For

Freshwater Supply Pond Conversion

DSWC Contract Number: _____

County: _____

Landowner/Project Name: _____

Certification of Completion

Upon completion of the waste impoundment structure conversion, the freshwater supply pond will meet NRCS 378 Pond Standard. A copy of the conversion design shall be provided to the Soil and Water Conservation District Office, the landowner and the Division of Soil and Water Conservation. Certification of Completion must be completed signed and dated by either a Professional Engineer or a technical specialist with the structural design (SD) or structural inspection (SI) designation and returned to the district office and uploaded into CS2.

I, _____ have been
(Printed name)

authorized to observe the construction of the project for strict adherence to the approved plans, specifications, and other supporting materials. I hereby state that, to the best of my abilities, due care and diligence was used in the observation of the construction to ensure that the approved plans and specifications were followed and that the project meets the design standard and ACSP policies.

Certification

- Professional Engineer
- Technical Specialist Structural Design (SD)
- Technical Specialist Structural Inspection (SI)
