Each year every facility must renew their license. Applications may be sent starting April 1st and are due by June 15th.

If you are a new facility, you may use the check list below to make sure you have completed all the pre-application items. These should be completed prior to submitting your application.

Have you checked with local city, county zoning, permitting and environmental services to ensure you're following all applicable laws and regulations?

Have you read and do you understand the Animal Welfare Act and its Administrative Codes?

Have you had any contact with an agent of the Animal Welfare Section?

If this is an existing business making a change, then let us know when does the change take effect. Please notify your inspector of the impending change(s).

If this is a new business, please allow at least 3 weeks for AWS to receive and review your application and schedule the pre-licensing/registration inspection before opening the business. You are welcome to contact the AWS Inspector for your county while you are in the planning phase. This step has saved a lot of businesses a lot of money by avoiding costly mistakes in the selection of surfaces with which the animals have contact.

We encourage you to keep an original copy of your application. The application needs to be in a PDF format and not a picture (pictures print too dark and will have to be cropped to fit the page). Please put all information in the boxes provided, extra attached pages are not acceptable. Please do not attach protocols.
